## &lt;Experience&gt;

### &lt;HYPERLYNX MEDIA LINK-BUILDER&gt; - 05/16-present

&lt;Field through list of prospective websites, outreach and secure links to clients website. We employ a variety of techniques to persuade sites to link to our clients without any incentive. Effective communication skills are a necessity to do this job successfully. &gt;

### &lt;BETTERME PRODUCTIONS VIDEO EDITOR&gt;  01/16-05/16

&lt;Executive video editor on several projects, as well as animator. Archived footage, and helped with cinematography when necessary. Required independent thought, with attention to details. Worked through the headaches of a small company trying to manage multiple versions of videos and exchange between clients, and implementing client feedback. &gt;

### &lt;JIMMY JOHNS BICYCLIST&gt; 08/15-05/16

&lt;Delivered sandwiches by bicycle, worked as part of a team to get the shop clean, prep food and run the cash register.  Efficiency was the name of the game at this shop, so we had a major emphasis on optimizing prioritization of tasks, and accomplishing those tasks in a timely manner.&gt;

### &lt;UF BLUEBERRY LAB ASSISTANT&gt;  03/15-05/15

&lt;Helped harvest blueberries during the season, this required heavy lifting, efficiency, and patience.  Weighed blueberries and recorded the data into charts.  Also helped sort ripe from spoiled blueberries for mechanical harvests.&gt;

## &lt;Education&gt;

### &lt;University of Florida&gt;  05/2015

Bachelors of Science in Sustainability Studies and a Bachelors of Arts in Telecommunications.

### &lt;Gainesville Dev Academy&gt;  08/2016

A web developer boot camp centered around teaching full stack web development, with a focus on the MEAN stack and best practices. We designed, built and deployed full stack web apps. We were also taught how to approach a new framework from the ground up in an effective manner.
